No no, you are doing what we talked about. I'm just a rambler on email. I forwarded this to Emily and her out of office message says she'll be back tomorrow.

Ok good, I thought I was supposed to, based on our last conversation – but if I was supposed to take other steps in between, please let me know. I did try calling Karen back and left a message more than an hour ago. It doesn't seem like we have the luxury of waiting on returned calls today.

Subject: Outstanding items for I-70 analysis coordination

Hi Karen,

Since time is short on the I-70 East project in Denver, I thought it might help to have an email. During the Nov 17 conference call we had, there was outstanding input and information that needed to go in both directions. I believe EPA responded on the items on our to-do list but if there's anything outstanding on our side, please let me know.
